The Eltham Senior Domestic competition is proud to announce Wilson as the official ball provider for the next three years. Wilson's partners include the NBA, WNBA, and NCAA, the largest hardgoods sporting brand globally.

Since 1914 Wilson has been pushing the limits of game-changing innovations that athletes use worldwide. Wilson's success over the last one hundred years is a testament to their relentless pursuit of innovation and our character.

Wilson's goal is to empower every human to live like an athlete, and their vision is to provide a better world through sport. Values we share at Eltham.

Wilson and Eltham have aligned on the Evo NXT ball, the official ball for the NCAA and WNBA. The Evo NXT uses revolutionary Extended Range Tech whereby the weight of the ball is redistributed with advanced internal construction, making the ball easier to shoot from long range. In addition, the Micro-Touch Cover uses a layer of texture on the pebbled cover to create a double-layered grip that channels away moisture. And lastly, the extra cushioning allows your fingers to dig deeper into the surface for better control and a softer feel.

Operations Manager Jacob Burnham believes the partnership will take the Senior Domestic Competition to another level.

"The opportunity to have our competition supplied by such a high-quality product as well as provide our members with great offers from Wilson was an opportunity, we felt we couldn't pass up."

"Every game in our competition will now be played with a high-quality Wilson basketball eradicating the messy week-to-week playing of a different ball. Players will now have consistency week in week out which will in turn improve the level of play and fairness of the competition," Burnham explained.

To keep in close with Wilson, click [HERE](#) to join their database. Moreover, for the next week, (16/3 to 23/3) Wilson is offering 30% on their website for the Eltham Wildcat family. Please use code **WILDCATVIP** at checkout.
