

ANTHONY BEARZATTO

Anthony became involved in the club in helping roles as soon as his family started to participate. At first it was coaching, but then a series of organisational roles. He became a member of the girls' championship committee and then a helper in the senior women's program. Also active in fund-raising ventures, Anthony, with Angela undertook to prepare the Tournament manual and materials for the venues each year. Each evening of the Tournament he assisted with tallying, records and banking. He also became a member of the General Committee. In 2015 Tony became the second husband-wife combination to both be awarded life membership.
