

DAVID BOGLE

David was one of those many leaders around the club who did nearly everything. With three daughters, Justine, Jill and Alison, he was deeply involved in coaching girls' teams and in the organisation of them. He also coached some boys' teams. He was a hands-on helper with the tournament, for a while being the convenor. Each Art Show he would be a night guardian of exhibits. A long-term committee member, David was the Vice President for a period. He and wife Joan would run an open house at their address in Bolton St on Friday evenings after game completion. At the time of writing (2022) David is still around the venues at times to watch his grandchildren play. David became a life member in 1990.
