

GREG DAVIS

Greg commenced his involvement, as so many, as a father, in his case of Tony who was a strong junior championship player. Greg commenced coaching and also refereeing. He continued the refereeing for well over a decade but the coaching was to continue from the late 1980s to 2018, one of the longest coaching stints in the club's history. Earlier in this period it was Saturdays and Championship. In later years, Greg concentrated on Under 16 boys' championship. He became an expert at team development during the season, with a number of his teams winning premierships after being only mid-ladder at the half-way mark. Greg was granted life membership in 2013. In 2022 Tony in turn is coaching his son at the Club.
