

MARJORY WIGNEY

Marjory's family went to Montmorency South Primary and each of Cameron, Craig, Grant, Sharon and Adrian, played for the school and then the club. Marjory's interest in the primary competition went beyond her children's involvement, so she became co-ordinator of the competition and supervisor three afternoons a week when the competition had well over a hundred teams competing. She continued this task for over a decade, and also encouraged her children to help the club as administrators, referees and coaches. Marjory was awarded life membership in 1986.
