

PAUL LEONARD

Paul has been around the Club for most of the time since 1969. As a junior he was a member of some famous A grade premiership teams, including the Club's first Under 12 & 13A grade pennants, as well as strong championship teams. He also coached for the Club for a number of seasons. After a brief interval he returned to coaching when Matthew and Sophie and Jessica, his children, were playing. He has been coaching ever since and in the late second decade of this century was coaching his grandchild as well as other teams. Paul would be among the top eight in the club history for number of teams coached. For this long and thoughtful service, Paul was granted life membership in 2008.
