

PETER CESARI

Like most other members, Peter first became involved in the Club as a parent of Jai and Carly, but an active one. When Jai made the 14 A Championship team which finished in finals and qualified for the Australian Championships, Peter was team manager. He also managed the senior championship men's team and for a period, appointed the mid-week referees. Peter became a regular tournament unpaid venue supervisor, usually at Diamond Valley. Realising the need for adult referees, he qualified and officiated for many years. In 1992 he won the major referees' award. Finally, Peter became the chairperson of the Tribunal a position he held until into the second decade of this century. Peter was granted life membership in 1996.
