

## **PETER HULTGREN**

Peter was tour director for the American tour of early 1979, taking a lead in itinerary organisation and other arrangements. At that stage Peter had already been on committee for several years and provided support for his four children, Janet, Alison, Ross and Bruce. On return he became President 1979-83. His consistent theme was high standards of sportsmanship. He and Maureen acted as host for events for frequent international visiting groups and accompanied the 1981 New Zealand tour. After stepping down as President he continued his association with the Club. When Janet, his oldest daughter was tragically killed in an air accident, Peter instituted a senior girls' annual sportsmanship award in her memory. Bruce Hultgren (second son), who reached the heights of playing basketball in Victoria and coached for the club, has continued his interest in the Club, acting as compere in the 50<sup>th</sup> celebrations. 1982
