

PETER SAUNDERS

Peter became involved through the participation of daughter Jess and son Nick. He took on coaching and refereeing, eventually focussing on the refereeing. He was consistently available and conscientious. It was not surprising he was selected as a referee coach as the program expanded. He assisted many times when others were unavailable. Peter continued to serve in that capacity for many years. In addition, Peter has often worked with Jess as venue supervisor during the tournament. In 2016 Peter received life membership.
