

PETER THOMSON

Peter's involvement started with his support for Michael, Gavin and Stuart, all talented basketballers. He was very quick to learn the art of coaching and indeed took it to another level. His 14 VC team had a great season, only narrowly missing a VC premiership but winning the Australian Club Championship contributing to the development of many juniors. He made up for it in Under 18VC with a similar team and a notable premiership after a season of strong player management. Similar success came when Peter took a hand at coaching the senior Club's championship women. Peter was also supporting the organisational side of the Club as Chairperson of the boys' championship committee, while he and Anne were regular venue chiefs during the Eltham Tournament. In 1993/4 the Thomson family won the Supporters' Award. Peter was another 2004 recipient of life membership.
