

## **RON JOHNSON**

Ron's first non-family related contact with the Club was to phone the Club to offer to coach a 16D boys' team for whom an appeal was made. That was typical of Ron's dedicated caring service. His children, Sally and Marcus were both distinguished championship players, so Ron was soon involved in championship coaching, which he did so well he was appointed to an Under 12A grade team. When there was a vacancy in co-ordinating the Saturday girls' program, he stepped in there. The Johnson family won the Supporters Award in Winter 1993. Ron was awarded life membership in 1999, but unfortunately passed away at a relatively young age.
