

Jon Van Noorden

Jon's initial involvement in the Club was through coaching his daughter Natasha and his son, Garth in Under 10 to under 16 age groups. During that time, he joined the boys' championship committee, eventually becoming Chairperson. This led to involvement in the General Committee and ultimately to being President from 2005 to 2010.

As well as presiding over the Committee at some times of difficulty and change, Jon was a significant contributor to the Tournament as one of the "flying" squad who moved from venue to venue to support the venue staff. In addition, Jon's business provided board sponsorship for the Club. Jon was awarded life membership in 2010.
