

I'm very passionate about basketball and I love the game. I played A-grade Domestic until I aged out and then have played socially on and off over the years. My passion has rubbed off on my son Will. He's played at Eltham from the age of 3 when he started in Aussie Hoops and is now going into U14s. I have coached both at Eltham and at Mernda Bulls. I'm not currently coaching, but last month completed my Community coaching certificate through Eltham to help build my knowledge and support a future entry back into coaching if the opportunity was to arise.

Professionally, I've worked at Reece Group for the last 20 years and am currently the Merchandising Leader for a number of our businesses across Australia and New Zealand. My day-to-day role requires me to exercise strategic decision making, execute in high pressure environments, and operate commercially to ensure the enduring success of the 4 key business areas I lead. My role sees me engaging with stakeholders at all levels of the Reece business, from our staff in the branches to our CEO and Executive Leadership Team. I have significant business and leadership experience and would be keen to extend that into a volunteer role outside of work.

I'm eager to give back to the game and when I saw the opportunity to be more involved with the club it certainly sparked my interest. I'd be keen to chat with you about this further and thank you again for your quick reply. Look forward to hearing from you soon.

Kind regards,

Eric
