

Over the past ten years, our family has been proud to call this club our basketball home. With three kids playing across multiple teams in both Champ and Domestic leagues and countless hours spent courtside, we've experienced firsthand the positive impact this community has on young players and families alike. I feel it is timely to give back to the club and make a valuable contribution as a member of the General Committee.

Personally, I am deeply passionate about youth wellbeing, supporting initiatives that build community, connection, encourage participation, and make every player and family feel valued, on and off the court.

Professionally, I work across operations, planning, and communications, areas that have strengthened my ability to collaborate, organise, and help people and organisations work towards shared goals. I am eager to help the club continue to thrive.

I look forward to working with the committee, the club and the wider community to ensure our club remains a welcoming, inclusive, and inspiring place for all who are part of it.
