

## **TEAMS WITHOUT COACHES**

The Club has been approaching possible people to coach. We have also advertised on social media. Both means have yielded us quite a few coaches but some teams are still without coaches.

Particularly for Under 15 & older teams we need adult volunteers associated with the families in the team. It is unlikely others will volunteer for these teams. Also in boys U11 & U13 teams we have now almost exhausted the possibilities of finding coaches other than those associated with the families of team member. Also in U13 boys' teams we have now almost exhausted the possibilities of finding coaches other than those associated with the families of team members.

The Club will make sure a coach turns up to take the first training so players should turn up at scheduled training time. Likewise, we will make sure there is a coach at the team's first game.
